

# An Index

to

# Pennant

The Local History Journal  
of Backwell, Nailsea, Tickenham and Wraxall

This Index covers Pennant Nos 1 to 45 (to be published in May 2009)

Because of the way that last minute alterations at the printers were handled by the editor and publisher it is possible that, particularly with the early editions, articles which were added at this stage may not appear and that items, removed for reasons of space, may still be included in the index.

It is hoped to complete 50 editions of Pennant with the last being produced in November 2011. No further editions are contemplated by the present editor but the Society hopes to find someone to take over.

If anyone using this index is interested in this fascinating task please contact Peter Wright either via the library or via our web site [ndlhs.org.uk](http://ndlhs.org.uk).

NB 1 *The column marked Author or Compiler is intended to show who wrote the article or who drew together the many items included in the article. As a result the editor's name "Peter Wright" arises with rather more frequency than may be deserved as an "author"*

2 *Previous editions of this index have shown not only illustrations but also an attempt to indicate the parish to which the article relates. Neither list was satisfactory for many reasons and as a result the relevant items have been omitted from this index.*

*Peter Wright*

April 2009

*Editor and Publisher  
for Nailsea and District Local History Society*
